## Ransom & Randolph Announces Launch of Liberty-Vest™ Universal Investment

**Maumee, OH – 09/22/2023** – Ransom & Randolph (R&R) recently announced the launch of Liberty-Vest universal jewelry investment. Made exclusively in the USA, Liberty-Vest universal investment is ideal for casting any low temperature alloy, such as gold, silver, brass, or bronze, as well as casting wax/plastic and rapid prototype pattern materials. No need to continue switching between investments- Liberty-Vest universal investment gives you the freedom to cast multiple metals and pattern materials.

Liberty-Vest universal investment is a process-forgiving investment that saves casters time and money with proven quality and consistent results. It provides strength and crack resistance when needed, easy quench, and easy cleanup, reducing your risk of losing valuable metal. Liberty-Vest universal investment also produces a much smoother surface than other investments, resulting in less finishing, saving casters time.

Liberty-Vest universal investment provides high expansion and high strength needed to meet the demands of casting wax/plastic and rapid prototype pattern materials while avoiding surface defects, such as air bubbles, and maintaining mold surface for a smooth finish. Liberty-Vest universal investment is designed for easy removal in water.

In identical testing conditions, Liberty-Vest universal investment is over 20% stronger after firing and removes over 50% more material at quench than other jewelry investments. Liberty-Vest universal investment gives you the high standard of casting excellence that only R&R provides.

To learn more, visit <http://www.ransom-randolph.com/liberty-vest>. To order, contact an authorized distributor. For a list of authorized distributors near you, visit [www.ransomrandolph.com/distributors](http://www.ransomrandolph.com/distributors) or contact R&R customer service at 800.800.7496.
